## Aesthetic Dermatology and Surgery, Preventive and Anti-Aging Medicine

15<sup>th</sup> Aesthetic & Anti-aging Medicine World Congress

### Dear Colleagues, Dear Friends,

It is our great privilege to invite you to participate in AMWC 2017, which will take place in Monte-Carlo from 6 to 8 April 2017 and will be held under the High Patronage of H.S.H. Prince Albert II of Monaco.

This year, the theme **"Challenges & Opportunities"** is selected to mark the AMWC's **15<sup>TH</sup> ANNIVERSARY.**

Over the last 15 years, AMWC has played a key role in underpinning the scientific understanding of global anti-aging management.

It has been an exciting time for the Scientific Committee and the organizers as we continue to grow and adapt, to **face challenges and welcome new ideas.**

Under the scientific supervision of the **World Society of Interdisciplinary Anti-aging Medicine (WOSIAM)**, the Committee has selected a multitude of scientific sessions, panels, live demonstrations and problem-based debates & discussions that will provide both intensive learning and direct interaction with the faculty. AMWC 2017 will deliver cutting-edge information by the most sought after experts in the fields of Aesthetic Dermatology, Plastic & Aesthetic Surgery and multidisciplinary Preventive & Anti-Aging Medicine.

Recent findings with clinical implications, new understandings, practical tips and tricks, marketing, and emerging technologies will be covered alongside essential knowledge revision and update sessions.

The world of aesthetic and anti-aging medicine is an inspiring, yet challenging, area to work and to learn. The theme of AMWC 2017 reflects our long term

commitment to building on the advances in research and clinical practice, maximizing multidisciplinary approaches to promote and leaping into the future of Aesthetic & Anti-aging Medicine as a whole.

To further building momentum to your practice, the two Pre-congress programs this year will provide additional continuing education opportunities as well as world-class scientific content. Monaco Aesthetics Masterclass 2017 proposes the course "Aiming for the Perfect 10" presenting a new dimension of treatment based on Core Facial Aesthetics. The advanced course on "Genital Rejuvenation & Cosmetic Gynecology" will emphasize on the latest knowledge and breakthroughs covering a diversity of topics.

Every year, this highly awaited event attracts over **10,000 participants coming from more than 120 countries.** Over **300 leading international companies**, showcasing on the **5-floor exhibition area**, are waiting for you to discover their latest products, technologies and services.

We welcome you to join us in Monaco, where you will connect with the leaders in your field, partake in thought-provoking sessions and discussions, and strengthen your networks and friendships within our growing international Aesthetic & Anti-Aging community.

*We look forward to meeting you in Monaco*

## IMMERSE YOURSELF IN A NEW DIMENSION OF AESTHETIC TREATMENT!

Global trends, age, ethnic and cultural differences demand a bespoke aesthetic approach for each client which meets their needs and desires. This year Monaco Aesthetics Masterclass will highlight these trends and differences in depth with live shows and focused lectures.

### LIVE SHOW

Internationally renowned experts practicing in clinics with diverse client base will share the daily pearls and pitfalls for effective and treatment of the most discerning global client.

A full-face approach with specific focus on one specific anatomic region. Internationally renowned specialists are selected based on their profound experience in treating the subjects of different ages, ethnicity and regions. Models of different age groups & ethnicities are chosen to highlight the different approaches.

### HIGH IMPACT LECTURES

Highly practical lectures on approaches in different ethnic regions will complement the relevant live demonstrations. Each specialist will give a focus lecture incorporating the “**AESTHETIC 10**” criteria representing the 10 most important features as “take-home” messages.

# ADVANCED COURSE IN GENITAL REJUVENATION & COSMETIC GYNECOLOGY

## COURSE DIRECTOR

Laurent BENADIBA  
Plastic surgeon  
France

## COURSE DIRECTOR

Barbara HERSANT  
Plastic surgeon  
France

Recent breakthrough in the aesthetic field and responding to the intimate needs of the woman, cosmetic gynecology transforms female external genitalia appearance to look younger and more natural. Different cosmetic gynecological procedures are used to reconstruct existing defects or inadequate conditions perceived by some women. These procedures help them to regain self-confidence and can potentially improve intimate relationship and women's emotions.

Despite an insufficient documentation on safety and effectiveness and undetermined standard of practice of genital cosmetic rejuvenation, a rising number of women and men seeking for these kinds of care and procedures.

## COURSE COORDINATORS

**Nicolas BERRENI**,  
Gynecologist,

## AUDITORIUM CAMILLE BLANC AESTHETIC DERMATOLOGY & SURGERY

15:00 - 17:00

### NIP / TUCK - REALISTIC SCENES OF AESTHETIC CONSULTATION

Chair: Steven DAYAN

Co-chair: Thierry BESINS

According to statistics, fifteen per cent of clinical interactions with patients are perceived as "difficult" by doctors.

You know who they are... patients with unrealistic expectations or with inability to communicate own needs... or those who know everything on everything... or the other ones, unhappy with the results, complaining, aggressive...  
Though, are patients the only factors that contribute to a dysfunctional consultation?

During this entertaining and humoristic session, based on medical doctor's everyday life, you will learn how to identify and handle challenging interactions in your office.

Ces dispositifs médicaux de classe III, fabriqués par FILORGA Manufacturing, sont des produits non remboursables de santé réglementés qui portent, au titre de cette réglementation, le marquage CE0123. Lire attentivement la notice. Demandez conseil à votre médecin. L'action des produits FILORGA ART FILLER est la correction des modifications de la structure de la peau liées au vieillissement : Comblement des rides et des plis de la peau, restauration des volumes. ART FILLER UNIVERSAL est un implant injectable destiné au comblement des dépressions cutanées moyennes et profondes par injection dans le derme moyen à profond ainsi que pour l'augmentation du volume et l'ourlement des lèvres. ART FILLER VOLUME est un implant injectable indiqué pour la restauration des volumes du visage, par injection sous-cutanée, supra-périostée ou en derme profond. ART FILLER FINE LINES est un implant injectable destiné au comblement des ridules, des rides superficielles et des fines cassures cutanées (pattes d'oise et péri-buccales) par injection dans le derme superficiel. ART FILLER LIPS est un implant injectable destiné à l'ourlement et/ou l'augmentation du volume des lèvres ainsi qu'à la correction des dépressions cutanées moyennes à profondes. Le traitement par un produit de comblement peut nécessiter plusieurs retouches dans le temps pour atteindre la correction souhaitée. Le médecin doit informer le patient qu'il existe des effets indésirables potentiels liés à l'implantation de ce dispositif survenant immédiatement ou de façon retardée. Parmi ceux-ci (liste non exhaustive) : Des réactions inflammatoires (rougeur, œdème, érythème) pouvant être associées à des démangeaisons, des douleurs à la pression, peuvent survenir après l'injection. Ces réactions peuvent persister une semaine. Dans un nombre limité de cas, 1,6% (1/61) des sujets au cours de l'étude clinique, une douleur légère spontanée ou à la palpation peut persister plus d'une semaine. Hématomes, Coloration ou décoloration au niveau du site d'injection, Indurations ou nodules sur le site d'injection, Faible efficacité ou faible effet de comblement. Des cas de nécrose de la glabelle, d'abcès, de granulome, et d'hypersensibilité immédiate ou retardée ont été rapportés après des injections d'acide hyaluronique et / ou de lidocaïne. Il convient de prendre en compte ces risques potentiels. Le patient doit informer le médecin dès que possible de la persistance au-delà d'une semaine d'une réaction inflammatoire ou de la survenue de tout autre effet secondaire. Le médecin devra les traiter par un traitement approprié. Tout autre effet indésirable lié à l'injection doit être signalé au distributeur et/ou fabricant

# GENERAL INFORMATION

## CONGRESS LOCATION

The Principality of Monaco is situated on the French Riviera, about 25 minutes from Nice. Its exceptional location allows it to enjoy 310 days of sunshine per year. Monaco's exceptional location, between mountain and sea, its gardens, its athletic and cultural events... all qualities which make it an unforgettable destination. The Principality offers a wide range of facilities for congresses, having in a radius of 200 metres, several luxury hotels, nights clubs, cinemas, luxury boutiques, and the most famous Casino in the world. In a few words, the astonishing concentration of these points of interest make Monte Carlo the ideal town for the organization of any event combining the useful with the pleasant.

## VISA

The passport and visa requirements for persons visiting Monaco as tourists are the same as for France. For further details, contact any French consulate in your country. Official letters which may be necessary in some countries for administrative reasons (VISA) can be sent by e-mail: [amwc@euromedicom.com](mailto:amwc@euromedicom.com). These letters do not engage the congress secretariat to any financial support neither obligation nor responsibility relative to the Visa.

## EXHIBITION

Over 15 000 m2 of exhibition space (300 exhibiting companies) of interest in Aesthetic Dermatology and Medicine, Plastic and Cosmetic Surgery, Anti-Aging Medicine, Nutrition, Well Being, Medical Spa, etc. will be on permanent display.

## REGISTRATION FORMALITIES

### Pre-registration confirmation

Each attendee registered in advance will receive a confirmation of registration by the congress office. Please bring a copy of your registration confirmation letter at the on-site registration to speed up the process. If you do not have a confirmation letter and there is no record payment receipt by the congress office, you will be required to provide payment on-site, even if you think a payment was remitted previously. Any duplicate payment resulting will be resolved following the meeting.

### On-site registration, badge and congress material pick-up

The congress office registration desk will be located in the Grimaldi Forum at the Diaghilev level. Please keep in mind that on-site registration can be time consuming. Everyone is strongly encouraged to register at least 15 days prior to the congress. You are reminded to bring your confirmation letter with you when you pick up your badge and meeting material. We recommend that attendees allow sufficient time to pick up their badges prior to the meeting, to avoid the missing of a session.

### Please, wear your badge!

Attendees are required to pick up and wear their conference badges at all times throughout the meeting. No access into the Venue and Congress sessions will be allowed without wearing the badge. This allows us to ensure adequate security for your safety. If you misplace your badge, a 300 euros fee will be charged to replace it.
